Gear & Throttle Control Type:	Mechanical
Cruise Speed:	22 Knots
Top Speed:	28 Knots
Propeller Size:	4 blade 19" D x 22" P
Commissioning Date:	October 2020

Comments:

Previously powered by a pair of 5.7 litre carburetted petrol V8 engines.

The repower with a pair of T4.270 engines represents a big step up in fuel economy, durability and safety.

Marine Diesel Pty Ltd provide this application profile for general information only. The data supplied is accurate only as to exact date, time and specifications set out in this report. Nanni and Marine Diesel Pty Ltd make no warranties as to the performance or fuel consumption of any boat equipped with Nanni engine/s as numerous factors affect actual performance of an engine/s.
